

EAST RUSTON PE SPORTS GRANT FUNDING
2017-2018

Following the London 2012 Olympic and Paralympic Games the Government has provided funding for schools to secure a significant and lasting legacy for the children. The aim is to develop an enjoyment of sport and physical activity, and to promote a healthy lifestyle in children from an early age. The money is ring-fenced and must be spent on sport and PE (Physical Education). It is up to each individual school to decide how this money is to be spent. At Martham Primary and Nursery School in 2016/17, we spent the funding for the following initiatives:
